ComResource, Inc. Named 2017 US SMB Rising Star Heartland Partner of the Year

Columbus, Ohio — July 17, 2017— ComResource, one of Central Ohio’s top IT consulting companies, announced it has been named 2017 US SMB Rising Star Heartland Partner of the Year by Microsoft’s US Small and Mid-sized Business (SMB) Group. The award recognizes the top New US SMB Partner in the Heartland Region decided by overall SMB YoY revenue growth of a partner new to the SMB partner program. Members of the US SMB Partner Program have shown dedication to arming the small business community with the right technology and services they need to be successful.

ComResource is a unique player in the IT Consulting industry because of its expertise and experience in a diversity of solutions including Systems & Network, Disaster Recovery & Business Continuity, Information Security, Cloud & Virtual, VoIP, Wireless, Data Quality, B2B Integration, Storage and Professional Services Staffing including Project Management, BA, QA, and AppDev.

“We are grateful for this award and the recognition it gives to all of our certified engineers and IT specialists who have done tremendous work for hundreds of clients throughout Central Ohio and the broader region. We look forward to delivering forward-thinking innovation and excellent customer service for many years to come,” said Gary Potts, ComResource President & CEO.

ComResource along with winners in six other categories were recognized during the Microsoft US SMB Partner Award Reception in Washington, D.C. this summer.

The Microsoft Partner Network is designed to equip organizations that deliver products and services through the Microsoft platform with the training, resources and support they need to

provide their customers superior experience and outcomes. Microsoft's US SMB Partner Program designed for partners who have a proven track record of delivering Microsoft solutions to businesses in the U.S. small and medium business (SMB) segment and have committed to advancing their cloud business practice. As a member of the US SMB Partner Program, partners can further their Cloud growth by utilizing the benefits obtained through their program status.

ComResource has been solving IT problems for growing business for over 25 years. They do it fast and cost-effectively with an eye to the future, making sure that the solutions are adaptable in the ever-changing IT climate. ComResource employs a team of Consultants (PMs, BAs, QAs, Application Developers), certified engineers and talented IT generalists fully trained to handle any business technology need for small-, mid- and enterprise-size clients. On multiple occasions, ComResource has been recognized as a "Best Places To Work", "Corporate Caring Award Finalist" and a "Fast Fifty 50" award winner.
