COMRESOURCE

SAFEGUARD YOUR HARDWARE IN YOUR "OWN" DATA CENTER

THE COMRESOURCE CO-LOCATION TECHNOLOGY & INNOVATION CENTER

Do you lack the space to ensure visibility into your business hardware?

Do you need a secure environment to test out your new devices and/or website

Would you benefit from a Security Operations Center (SOC) to oversee your business operations?

Data Center At-A-Glance

Our ComResource facility features state-of-the-art security, full-fire suppression systems, test environment, meeting space, and individual workstations.

Space is available for short- and long-term rental.

On-Site Resources Can Provide:

- ✓ **Engineering support**
- ✓ **Hardware setup**
- ✓ **Network build**
- ✓ **Environment/Devices configuration, testing, and maintenance**

On-Site Resources Can Provide:

Access to a team of 100+ on-site IT subject matter experts (SME) in:

- ✓ **Integration**
- ✓ **Infrastructure**
- ✓ **Data Architecture**
- ✓ **Data Solutions**
- ✓ **IT Help Desk**

Schedule a Tour!

We're excited to walk you through our space and learn more about your needs.
