

LET US HANDLE YOUR TECHNICAL TRAINING

ComResource Education & Training Services

Do you have a priority need for customized and targeted training material?

Would you benefit from access to state-of-the-art training classrooms and labs?

Do you lack timely access to skilled staff to conduct valuable employee/customer training?

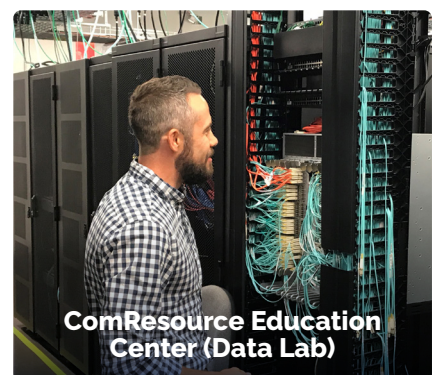

ComResource Solution At-A-Glance

For ten years, ComResource has partnered with clients to develop and host customized training services and Microsoft Azure Immersion Workshops in our 2,000 square foot Education Center or virtually via Microsoft Teams.

Our clients benefit from our skilled technical instructors, on-point learning paths, and a technologically-advanced learning environment.

ComResource Provides:

- ✓ Customized Curriculum
- ✓ Highly-trained technical instructors
- ✓ Full-use of Education Center Classrooms and Labs
